Church of England School
Headteacher: Mr A J Wilcock MA (Cantab)

26th September 2013

Dear Parent/ Carer

Graphical Calculators for A Level Mathematics

For the study of A Level Mathematics we strongly recommend the use of a graphical display calculator. These are recommended by the examination boards and their use forms part of the syllabus. Through past experience we consider students to be at a disadvantage in the examinations if they do not use them. Not all graphical calculators are allowed in examinations and as such we recommend the use of the Casio FX9750G II.

As the school is able to order these in bulk we can negotiate a discount which enables us to sell them at a price of £42.00 (effectively the price excluding VAT). We would encourage your son/daughter to buy a graphical calculator so that all students studying A level Mathematics have one. This can be done through the school using ParentPay (details below) or you may wish to try buying online.

Payment should be made via ParentPay using your credit or debit card. '**Graphical Calculators**' can be found under 'Services'. Payment should be received by 11th October 2013. Should you have any concerns with respect to payment, please contact Mrs Ruttley on 01895 671050 or email parentpay@bishopramseyschool.org

If you wish to discuss this further or be given more information as to which Graphical Display Calculators are allowed in examinations please don't hesitate to contact me though the School Office.

Yours faithfully

Mr S Foote
Head of Mathematics Faculty
