

Church of England School
 Headteacher: Mr A J Wilcock MA (Cantab)

23rd November 2017

Dear Parent/Carer,

Year 9 Science

As part of our commitment to supporting your son/daughter through their Science GCSE's we would like to offer them **free** subscription to the 'my-gcsescience' videos and resources.

This website provides your son/daughter with detailed videos on all the scientific content that will be assessed in the final GCSE Science exams, as well as exam style questions, markschemes, tips for the exams and a progress checker.

You can find more information out by visiting the website: <https://www.my-gcsescience.com/>

Your son/daughter has been given a unique code so that they can set up a **free** account. Please ensure that your son/daughter shares this with you and that their email and password are written down and saved to avoid having to reset the account.

Instructions for setting up an account:

STEP 1: Go to www.my-GCSEscience.com and hit '**SIGN UP NOW**'

STEP 2: Choose the **AQA** exam board

STEP 3: Go to the **DOUBLE AWARD (£24.95)** or the **TRIPLE AWARD (£49.90)** and select '**CHOOSE**' (this will depend on whether your child is studying combined or triple science)

STEP 4: Complete all the fields as required. We **STRONGLY** recommend that students use a sensible school username and/or email address so that teachers can easily identify who has signed up and use a standard password, perhaps simply 'BRS', for example. As passwords will then be known, teachers will not have to deal with students forgetting passwords and being unable to access the resources.

STEP 5: Enter the access code provided in the student letter and hit '**APPLY**'. The price will reset to **Free**.

STEP 6: Hit '**CONFIRM NOW**'.

STEP 7: Congratulations, you're in!

Yours faithfully,

Mrs N Jeffries
 Head of Science
