

BISHOP

RAMSEY

Church of England School
Headteacher: Mr A J Wilcock MA (Cantab)

28th June 2018

Dear Parent/Carer,

A Level Physics trip to the CERN, Geneva, Switzerland

We are delighted that your son/daughter is booked to join us when we visit the CERN particle accelerator in Geneva, Switzerland. This directly supports the material we need to cover for particle physics for the AS and A Level Physics course.

This trip is scheduled to leave on Thursday 12th July (very early) and return on Saturday 14th July (late afternoon). Students will be accompanied by myself and Dr Jackson. We both teach the A Level Physics course and know the students.

I have attached a copy of the schedule for your information. Some museum trips may be rescheduled according to the weather. Please note that transport to and from Luton Airport is your responsibility. It is uneconomical for the school to arrange this in addition to which, not all students live near to Bishop Ramsey.

There will be a compulsory briefing after school for students on Tuesday 3rd July at 3.20pm in ZS07. This will be repeated on Wednesday 4th July at 3.20pm in ZS10. Students only need to attend **one** of these sessions. Should parents/careers wish to attend, please let me know so that I can make the necessary arrangements with reception.

If you have any further questions, please do not hesitate to contact me at mdavies62.312@lgflmail.org.

Yours sincerely,

Mrs M Davies
Physics Department
