

Church of England School
Head of School: Mrs N J Adamson MA NPQH

19th September 2019

Dear Parent/Carer,

Year 11 Maths Revision

In order to support your son/daughter with their preparation for their GCSE Maths the Mathematics Department has organised a revision session after school on a Monday. The session will last an hour and will cover topics that students have found difficult from their end of Year 10 mock exams. The first session will be held on Monday 23rd September 2019. I do hope your son/daughter will be able to attend.

In order to further support your son/daughter the Mathematics Department make use of websites called Activelearn ,Mathswatch and Mymaths. The first two websites are video based whilst the last website is powerpoint based and all three offer additional questions to practise on. I have issued passwords to students, please check that your child is actually making use of the available material and contact me if they have difficulty in accessing any of the sites.

Additionally, I would ask that you check that your child is reviewing the work that they complete in each Maths lesson and asking for help if they do not understand topics or areas of work. I would also ask that you make sure that your child has the relevant equipment and book for each of their Maths lessons.

I am looking at the possibility of running a parent/student session after school to demonstrate how you can help your child practise and improve their Mathematics. If you would be interested in attending, please complete and return the slip below.

If there are any questions regarding any of the above please feel free to contact me at school by phone on 01895 639227, ext. 570, or by email at pkelly@bishopramsey.school

Yours sincerely,

Mr P Kelly
Head of Mathematics and ICT Faculty

Please complete and return to Mr Kelly in the Maths Office

I am interested in attending an after school session to support my son/daughter with Mathematics.
