Dear Parent/Carer,

Year 7 English, Mathematics, MFL and Science Workshops

Many parents have questions about how they can help and support their son/daughter in their school work. The nature of teaching and the ways that students are encouraged to learn are always changing. In particular, the recent work on Numeracy in primary schools has led to students using different methods for many of the basic skills including division and multiplication.

In order to raise awareness of some of these changes and to enable parents to support their child's progress and development, we would like to offer the following:

An Evening of English, Mathematics, Languages and Science for Parents of Students in Year 7 on Tuesday 8th October 2019, 6.00pm – 8.30pm.

You will have the opportunity to attend a 30 minute 'lesson' in each of the 4 subjects.

English

- An overview of Year 7 English
- Using more advanced vocabulary
- Analytical writing and structuring a response

Mathematics

- Mathematics, "they didn't do it like this in my day!"
- A brief journey through Year 7 Mathematics

MFL

- Why bother with learning a language?
- How can I help my child?
- Don't worry, we have Google Translate!

Science

- There is a budding scientist in all of us!
- An overview of Year 7 Science.

We would remind you that our main entrance should be used when accessing the school, which is via Hume Way (Highgrove Leisure Centre). Disabled access only is allowed via the Warrender Way gates. Please note, parking within the school grounds is very limited, although pay and display parking is available at the Leisure Centre. Should you require disabled access or have any other special requirements, please inform the school office on 01895 639227, or email office@bishopramseyschool.org in advance.
