

BISHOP

RAMSEY

Church of England School
Executive Head and CEO: Dr Hilary Macaulay

9th September 2021

Dear Parent/Carer,

Year 7 - Laptops

In your induction information, a letter was included outlining the Bishop Ramsey 'Bring Your Own Device' system, which requires all students from Year 8 to bring in a digital device to use in lessons.

It has become clear that with increasing use of digital learning platforms and the need to access remote learning, that students also benefit from having computer access at home in Year 7, although they do not need to bring a device into school.

Following previous lockdowns, many students will already have either a PC at home, which they use, or their own device already. However, if you wish to purchase a device for your child to use at home in Year 7 and then bring into school as their 'BYOD' in Year 8, there is an optional payment plan set up for the purchase of a Lenovo Winbook 300e.

This is a small laptop with a touchscreen and the plan includes a warranty for three years and a case. There is no obligation to purchase a device in this way, but if you wish to do so, the details are as follows and further information can be found on the attached leaflet (please note this has the old dates on it).

Website: www.tech4learners.co.uk

Username: BishopR21

Password: S3cure02!

Portal open: from 10th September

Deadline for ordering: 10th October (for delivery to school in November)

Please log into the portal to see all the pricing options and details available to you. There are a limited number of these devices available, but there will be an opportunity to order again at the end of Year 7, should you wish to do so.

Yours sincerely,

Miss C Wells
Assistant Headteacher
