

BISHOP

RAMSEY

Church of England School
Executive Head and CEO: Dr Hilary Macaulay

9th February 2023

Dear Parent/Carer,

Curriculum Music Lessons – Year 7 and 8

I am writing to you regarding the use of headphones within curriculum Music lessons for Year 7 and 8.

Headphones are listed as part of the equipment list in your child's Link Book and students will need them for every Music lesson after half term. The headphones should be wired to stop interference between the devices.

We recommend that students do not bring in expensive headphones but wired headphones that they can keep in their blazer pocket.

We will be reminding the students of this in their Music lessons after half term where there will be a one-week grace period before we start to issue organisational reminders. We have bought into some software to allow the students to start learning about music technology, but for them to use this, they will need their headphones every lesson.

Please do not hesitate to contact me if you have any questions,
cbowden@bishopramsey.school

Yours sincerely

Mrs C Bowden
Head of Music
Second in Expressive Arts
